

ABOUT

This enhanced polyester multi-filament thread is specially designed for heavy duty sewing on thicker and stiffer materials, such as leather or upholstery fabric. Available in 3 different weights (60wt, 40wt, 30wt), it can be used across a wide range of projects, such as furniture construction or bags and accessories. Spool tops edges are colour-coded to make it easy to identify the thread weight on the display.

APPLICATIONS

Heavy duty stitching for leather, vinyl, cork, and upholstery fabric.

Perfect for sewing bags, backpacks, and purses, furniture and upholstery, wallets and accessories, crafts, and any heavy duty sewing.

THREAD

Enhanced multi-filament polyester

Finish: soft lustre
